EDITOR'S *note*

FEBRUARY BRINGS NEW TOYS!

If it's February, that can only mean its time for one event: the *International Toy Fair* in New York City!

This year's Toy Fair will be held from February 14-17, and once again we'll be making the trip to NYC to not only offer our wares to an eager world, but our dedicated product specialists will also be on the lookout for the next big thing.

Meanwhile, its business as usual here at ***PREVIEWS***. We've got another great issue of "nerd chow" for you this month, perfect to feed your need (and mine, too)!

And sure, we're running leaner than ever before with our reduced page-counts, but I think we're still covering all of the bases... just in a smaller package. Which also goes a long ways towards saving some trees. Shaving off over 100 pages from an issue means less paper per issue, and that starts to add up when you begin to do the math on the thousands of copies we print each year. Every little bit counts, believe me.

Over on the **FLIPside**, we pay tribute to the great comic book "bromance" with a look at few of our favorite "super buddies" from the comics.

And finally, don't forget that **Free Comic Book Day 2010** is rapidly approaching on May 1st! We revealed all of the titles (and our first-ever FCBD Artist Series T-Shirt by Sergio Aragones) last month, but if you missed 'em, don't fret! We've got them once again displayed in this issue, ready for you to check them out, on page 17.

That's all for this month, see you in March!

Your Pal @ ***PREVIEWS***,

Marty

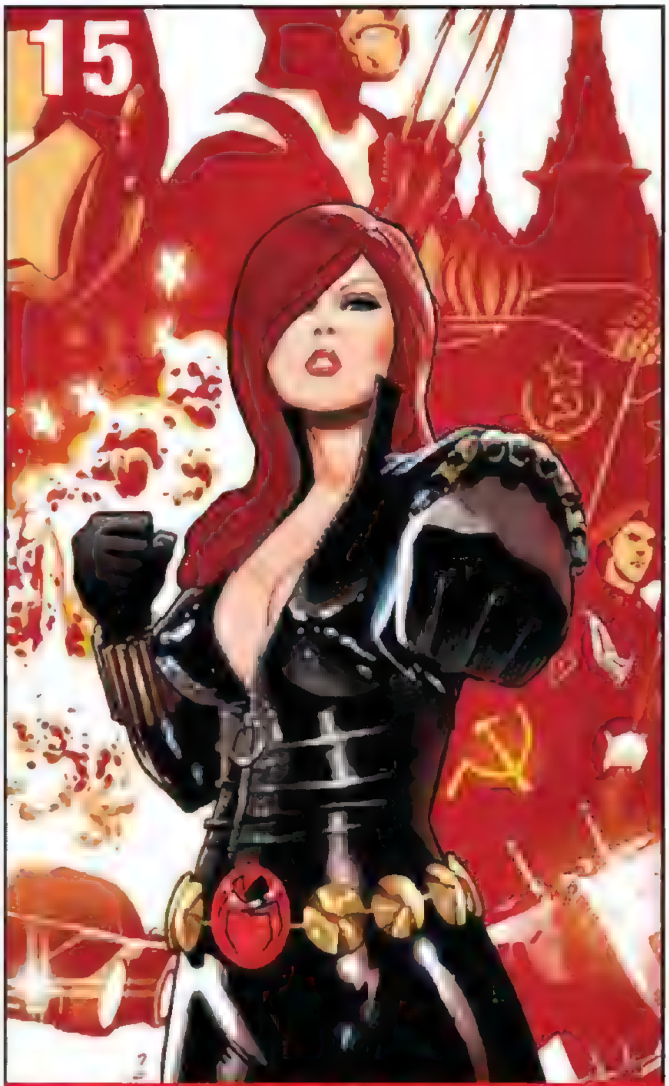
THE BLACK WIDOW'S STING WILL BE FELT THIS SPRING



MARVEL PREVIEWS, [illegible], 48 Pages, Page 11

When you think of the great super-spies in fiction, several names come quickly to mind. James Bond. Jason Bourne. Austin Powers. You think of their glamorous lifestyle, the jet-setting to exotic locales, the important rendezvous in the halls of power, the secret meetings in cafes and train stations. You think of the impossible mission assignments, the targets of assassination, the impregnable fortresses, the secret bases of the enemies. You think of the gadgets, the automated lock picks, the computer hacks and hijacks, the unique and high-tech weaponry, the tricked-out vehicles. Being a super-spy may *look* like fun, but don't let the exoticism fool you — a super-spy's life may run on adrenaline, but it's also a hard and dangerous life, and death may be a heartbeat away as Marvel Comics' own super-spy — the Black Widow — learns the hard way in the first issue of her all-new series this April!

Raised in an orphanage and trained in a special KGB program, Natasha Romanoff is one of the world's deadliest assassins, operating first for the Soviet Bloc, then defecting to the United States and joining the Avengers. She has spied on Tony Stark and fought beside Captain America. She has brought down heads of state and saved the Earth from alien conquest. In a world filled with super-powered humans, Romanoff is different, her skills coming from training and experience, not armor or genetics or government programs. She is known as the Black Widow, and in April she faces her most difficult assignment ever — tracking down the person or persons who want her dead.

Long a supporting player in *Iron Man*, *Captain America*, *Avengers*, and other Marvel Comics titles, the Black Widow graduates to her own ongoing series in advance of her appearance in May's *Iron Man 2* as writer Marjorie Liu and artist Daniel Acuña send the sexy super-spy on a mission of personal revenge. After an assailant's attack nearly kills her, Natasha Romanoff must draw upon her years of experience to uncover the identity of her attacker and the motives behind the attack But in the shadowy world of international espionage, she finds few leads to follow, and even fewer suspects to track. Was this attempted assassination connected to her friends in the super-human community? Might one of her oldest friends want her dead? Black Widow will crisscross the world in search of answers, but she may not like the answers she finds!

The espionage adventure begins this April. Join Natasha Romanoff in *Black Widow* #1 as she scours the world in search of answers and an adrenaline rush. This alluring spider's sting is deadly, and comic shops everywhere will feel the Black Widow's bite this spring!

Sculptor Mark Newman replicates this version of Emma Frost with a *PREVIEWS* Exclusive statue for Bowen Designs. The world of cinema was remade on May 25, 1977 as movie audiences in darkened theaters watched as, to the blare of brass on the sound system, the words "Star Wars" appeared on the screen, faded into the distance, and a spaceship, pursued by an even more massive spaceship, its turbolaser cannons firing, filled the screen against the backdrop of stars and a desert planet. George Lucas' science-fiction epic had begun and its characters, embodying the heroic journey and the mythic archetypes explicated by Joseph Campbell, became pop culture legends in their own right.

This spring the characters of the six *Star Wars* films are brought to life as a series of metal figurines from DeAgostini UK for their *Star Wars: The Official Figurine Collection Magazine*. Launching with the series' two most recognized characters — Darth Vader and Luke Skywalker — this series of 32-page magazines comes with a 1/32-scale lead figurine based on original and archival Lucasfilm artwork. Fans will be able to collect all of their favorites, from Obi-Wan Kenobi and Jar-Jar Binks to Chewbacca and Wicket the Ewok. Begin your collection this spring and return to a Galaxy Far, Far Away with this distinctive magazine series.

THE ARTISTRY OF BLADE OF THE IMMORTAL IS REVEALED IN A GORGEOUS ARTBOOK

Manji is no ordinary samurai, as no wound can kill him. Cursed for his criminal acts — the murder of 100 other samurai — by a nigh-immortal nun named Yaobikuni, Manji has become immortal and, vowing upon his sister's death to make amends for his life, he embarks on a quest to atone for his past by killing a thousand evil men and to bring his long and lonely existence to an end.

Created by Japanese writer/artist Hiroaki Samura, *Blade of the Immortal* is the long-running manga series published in English by Dark Horse Comics — and the longest-running manga series in the United States. This spring Dark Horse Comics celebrates the artistry of this Eisner Award-winning series in the gorgeous *The Art of Blade the Immortal*, an oversized hardcover volume that features over 150 pages of the best artwork Samura has to offer.

Fans will fan page after page of color paintings and pencil artwork, some of which has never before been published. In addition, Samura's chapter breakdowns and story pages are provided, offering unique insight into the creative process involved in the creation of *Blade of the Immortal*, from initial story idea through development and sketches to finished artwork and text.

Plus, the Dark Horse Comics edition of *The Art of Blade the Immortal* provides an additional 32 pages of artwork, not published previously in Japanese editions of the volume. Geof Darrow provides an introduction to the volume, and Samura offers an afterword. For fans of the series, students of manga, and art connoisseurs, *The Art of Blade the Immortal* stands as a timeless exploration of one man's singular vision.

THE BELOVED FANTASY THE LAST UNICORN COMES TO COMICS IN APRIL

Beloved by readers for over three decades, Peter S. Beagle's fantasy *The Last Unicorn* comes to comics this spring as IDW Publishing adapts the novel in a six-part mini-series event.

Like other fantasists before him, Beagles took a modern day issue — in this case, deforestation and environmental degradation — and, through the prism of fantasy, explored the need for and value of conservation and introduced these concepts to young readers in an intelligent and emotionally moving fashion. A unicorn, believing that she is the last of her kind, embarks on a journey of discovery to uncover the reasons she is alone in the world, find those responsible for making her an orphan, and learn for herself if others of her kind exist at all.

A quarter-century after an acclaimed animated film adaptation from Rankin-Bass (*The Hobbit*), Beagle's *The Last Unicorn* is adapted once more, this time by writer Peter B. Gillis and artists Renae De Liz and Ray Dillion for IDW Publishing. The magic and enchantment of this evocative fantasy leaps off the comics page, giving a new generation of readers and longtime fans of the novel and film an opportunity to discover Beagle's powerful and lyrical story afresh.

LEIA'S METAL BIKINI GETS ANIMATED WITH GENTLE GIANT'S NEW STATUE 365

The plans of Luke Skywalker to free his friend Han Solo from the vile clutches of the sinister Tatooine gangster Jabba the Hutt led to one of the most indelible images of the entire *Star Wars* saga — Princess Leia of Alderaan, chained to the sluglike creature, wearing a metal bikini. An enduring fantasy of fanboys, a favorite costume choice for fangirls, Leia and her metal bikini are brought to life by Gentle Giant as the *Star Wars Animated: Slave Leia Maquette*. Made of polystone and sculpted with a stylized and sultry animated look, this limited edition statue is certain to be sought after by Leia's legions of fans!

ENTER TIM BURTON'S VISION OF WONDERLAND WITH THESE DETAILED FIGURES 374

Over a century ago English mathematician Charles Lutwidge Dodgson, better known by his pen name Lewis Carroll, took a sprightly young girl named Alice and his readership into a strange and magical land called Wonderland. This spring, director Tim Burton (*Edward Scissorhands*) takes film audiences back into Wonderland in an all-new film with an all-star cast. The film's two leads — Mia Wasikowska as Alice and Johnny Deep as the Mad Hatter — have been transformed by Medicom into stunning *Alice in Wonderland Ultra Detail Figures* that stand 7" tall and collectors can embark on their own journeys into Wonderland with these figures.

ADD THIS UNIQUE HELLBOY DOLL TO YOUR COLLECTION THIS SPRING 348

Huckleberry Toys has created a new collector doll sensation in their Toffee Dolls. These 12" plush cloth dolls, made in an Old World tradition of simple articulations, feature hands and faces made from polyurethane, eyes of poly glass, and actual wig hair. The *Hellboy Fan Toffee Doll* was created for the summer comic convention circuit, and this doll, limited in production to only 500 pieces, comes with a costume based on Mike Mignola's famous creation Hellboy, the World's Greatest Paranormal Detective. This doll comes with a special headpiece that replicates Hellboy's horns, a glove for the Red Right Hand of Doom, and a trenchcoat, allowing this doll to cosplay as the demonic star of comics, animation, and film.

370 KOTOBUKIYA IS THE KEEPER OF IRON MAN'S ARMOR WITH THIS NEW STATUE

Marvel Comics' armored hero returns to movie theaters this May as Robert Downey, Jr. reprises his role as Tony Stark in *Iron Man 2*. The latest iteration of his high-tech armor, the Mark IV suit, has become Kotobukiya's latest Marvel Comics statue as sculptor Ryoichi Ito brings the film's design to life. Standing 13" tall, the *Iron Man Mark IV ArtFX Statue* replicates in every detail the suit seen in the film, with LED lights in its face, hands, and chest. Standing atop a lighted Repulsor base, Iron Man is ready to take flight and join your collection this May, just in time for the blockbuster film!

379 THE FAN-FAVORITE ROBOTECH MECHS ARE BACK WITH THIS LIMITED FIGURE

Robotech took audiences by storm in the 1980s as this animated saga of mechs and their pilots, engaged in a galactic war, remade the face of afternoon animated series. Toynami brings one of the most-requested mechs from the series to collectors this spring with the *Zentraedi Tactical Battlepod Vinyl Action Figure*. Designed for quick and dirty fights, built cheaply and on a mass scale, the Tactical Battlepod comprised the bulwark of Zentraedi forces. Limited in production to 2,000 figures worldwide, this figure is built at 1/100-scale and matches up in scale to the previously released *Transformable Veritech Action Figure*. Collect both as the worlds of *Robotech* return!

360 LET DR. HORRIBLE FREEZE HIS WAY INTO YOUR COLLECTION

Dr. Horrible wanted two things in life. He wanted to join the Evil League of Evil, and he wanted to win the hand of the winsome Penny, the young woman he saw daily at the local laundromat. The titular star of Joss Whedon's internet sensation, *Dr. Horrible's Sing-Along Blog*, this villainous mad scientist, so ably portrayed by Neil Patrick Harris, is brought to life as a stunning animated maquette from Quantum Mechanix. Limited to a production run of 1,000 pieces, this Dr. Horrible holds his Freeze Ray aloft in one hand, shaking his fist at the world with the other. Made of professional-grade resin and hand-painted, this diabolical villain stands 6" tall and is the first in a line of *Dr. Horrible* maquettes.

Halcyon is a savage, unpredictable, brutal place. For some, it's just another backwater world colonized and exploited for its resources. For others, it's home. For decades the settlers of this aberrant moon have lived and worked like slaves, but now a new generation has decided that it's time for independence. Amidst this struggle, cadet Nika McKay returns to his home colony after a decade on Earth in order to search for his true identity. What he finds instead is a young nation on the verge of a civil war.

THREE WORLD WAR #3 (of 6)

Randy Stradley (W), Rick Leonardi (P), Mark Pennington (I), Wes Dzioba (C), and Raymond Swanland (Cover)

On sale Apr 7	FC, 40 pages
$3.50	MINISERIES

Against her better judgment, Machiko Noguchi is back with the Predators, trying to forge a coalition between the clan that once accepted her and a strike force of Colonial Marines. But it's an uneasy alliance at best as neither side understands the motives or mores of the other. Every gesture is a challenge, every altercation an invitation to battle. But the real battle is yet to come—against a rogue clan of warlike Predators with an army of Aliens under their control. It is said that no plan survives contact with the enemy, but Machiko's plan can barely stand up to her allies!

Featuring the creative dream team of original *AVP* writer Randy Stradley, Rick Leonardi, Mark Pennington, Wes Dzioba, and Raymond Swanland, *Aliens vs. Predator: Three World War* ties together story threads introduced in the 1989 *AvP* series and new *Aliens* and *Predator* storylines, setting the stage for the most epic *AvP* brawl ever imagined.

FAST TRACK TO HEAVEN

Liam Sharp (W/A)

On sale June 16	FC, 48 pages
$10.99	HC, 7" x 10"

Deep beneath the ice of Jupiter's moon Europa, life teems in the depths of dark oceans fed by belching chemical-rich volcanic vents. But more spectacular discoveries of life elsewhere in the cosmos have left Europa little more than another commercial stopover with an orbital station and a decaying space elevator ferrying cargo and personnel to and from the moon. But when one of the massive elevators stops midway with no communication from the crew aboard, a rescue team soon discovers that the stranded elevator is transporting a deadly cargo from another world, a savage organism that threatens life on Europa and, ultimately, life on planet Earth.

From superstar creator Liam Sharp comes *Aliens: Fast Track to Heaven*, an all-new deluxe-format hardcover graphic novella. Sharp's stunning visuals are well-known to comics readers from his work on *Judge Dredd*, *Hulk*, *Testament*, *Gears of War* and many others, and now having expanded into prose fiction with *God Killers: Machivarius Point and Other Tales*, Sharp is solidifying his reputation as one of graphic fiction's emerging visionaries.

- **Artist/writer Liam Sharp is well known to comics readers from his work on *Judge Dredd*, *The Incredible Hulk*, *Testament*, and *Gears of War*.**

The Alien Legion is the most feared fighting force in the Galarchy—and Nomad Squad is the best, and the worst, of the lot. Comprised of the outcasts, dregs, and idealists from three galaxies, the expendable grunts of Nomad jump into a series of intense missions prompted by everything from attacks by biomechanical religious zealots, orders to eliminate a traitorous legion hero, and the personal whims of a Galarchy bureaucrat. The squad is devastated when three veteran legionnaires die—and another faces an even worse fate in a legion "Mindrobber" machine. Nomad's chemistry is further altered with the addition of Tamara, a cosmic valkyrie who catches Lt. Montroc's attention.

Volume 2 features over three hundred story pages and rounds out the first *Alien Legion* series, including the long-out-of-print *A Grey Day to Die* graphic novel.

Conan, once a wandering thief, tries his luck as a professional warrior, joining Amalric's mercenary forces to live as a rank-and-file soldier. However, something much more than luck will lead Conan on a collision course with the strongest, strangest army he's ever faced! Princess Yasmela—the city of Khoraja's remaining sovereign—has been haunted by terrifying apparitions of the wizard Natohk, and when Natohk threatens to bring his demonic hordes to Khoraja, Yasmela prays to the god Mitra for help. Mitra actually responds and tells her to place the fate of her entire kingdom into the hands of the first man she meets out in the city streets—and that man is a drunk, hesitant barbarian! Conan may turn out to be Khoraja's best hope for survival, but his distrust of the soft upper classes and their disdain for his common station may derail any possibility of working together to halt Natohk's bid for world domination.

Frank Miller (W), Dave Gibbons (A), and Angus McKie (C)

[illegible]	FC, [illegible] pages

Just in time for the Fourth of July! A masterpiece nearly twenty years in the making, this archival volume contains the complete life story of Martha Washington, the twenty-first century freedom fighter created by comic-book megastars Frank Miller (*Sin City*, *300*) and Dave Gibbons (*Watchmen*), now in a more affordable softcover edition.

Our story begins in the squalid corridors of a maximum-security housing project, where a young girl will rise from the war-torn streets of Chicago to battle injustice in a world insane with corruption. Her fight will take her far, from the frontlines of the second American Civil War, to the cold, unforgiving reaches of space. She will be called a hero, a traitor, and nearly everything in between, but all along the way, her courage, her integrity, and her unwavering commitment to that most valuable of rights—liberty—will inspire a movement that will never surrender.

After emerging as Marvel Comics' most controversial superstar, Jim Steranko tackled his greatest artistic challenge: creating an entirely new medium, the visual novel—not an illustrated novel or novel-length comic book, but a seamless fusion of interdependent graphic and prose narratives forming a powerful and original new method of telling stories. An artistic tour-de-force, *Red Tide* is hard-boiled detective fiction in the bare-knuckle tradition of Hammett, Cain, and Chandler, as well as the dark, atmospheric milieu of *film noir*. Dark Horse is proud to reintroduce this landmark work, remastered with state-of-the-art digital colors by Eisner Award–winner Dave Stewart, in a collector's quality hardcover edition.

MYSPACE DARK HORSE PRESENTS #31

Jackie Kessler (W), Mark Crilley (W/A), Graham Annable (W/A), Ananth Panagariya (W), Yuko Ota (A)

Oh, February. Ten percent shorter than all the other months, yet everything still costs the same: bus passes, Netflix, rent . . . However, you still get just as much *MySpace Dark Horse Presents* as you would on self-important months like January, and it's just as free!

Dark fantasy and paranormal novelist Jackie Kessler (*Hell's Belles*) headlines this month with part one of "Carpe Noctem," a brand-new *Tales of the Vampires* story further exploring *Buffy*'s vamps-are-hot status quo. Kessler introduces Cyn, a vampire who hates the adoration of humans when what she wants is their fear. Also, Graham Annable presents a hilarious new *Grickle* story previewing the beautiful, upcoming *Book of Grickle*, and Mark Crilley returns with part two of his exciting *Brodie's Ghost*.

Finally, newbie Yuko Ota illustrates a surreal story by *Applegeeks*'s Ananth Panagariya about a young woman who believes that if she eats enough feathers she'll become a bird, appropriately titled, "Callie Eats Feathers." With *MDHP*, a short month doesn't mean less comics goodness, just a shorter wait until the next issue!

MySpace Dark Horse Presents is a free online anthology that provides fresh content the first Wednesday of every month, with stories archived so that it's never too late to join in and catch up. To find out more, check out: www.myspace.com/darkhorsepresents

The fan-favorite series DV8 returns with the eight-part "Gods & Monsters" arc written by critically acclaimed writer Brian Wood (DEMO, DMZ, NORTHLANDERS) with art by up-and-comer Rebekah Isaacs (*Drafted*). In their short history, the mismatched band of superpowered losers, freaks and masochists of DV8 have seen a lot and done even more, but it's nothing compared to this. As Gem Antonelli (a.k.a. Copycat) is debriefed in a holding cell, the story of how eight troubled teenagers were briefly gods to a prehistorical world unfolds against the backdrop of a cataclysmic disaster. "The Day I Tried To Live" is part one in this amazing and tragic story unlike anything set in the WildStorm Universe before.

Written by JOSHUA DYSART • Art and cover by CLIFF CHIANG

Legendary singer-songwriter, musician and activist Neil Young brings one of his most personal albums, GREENDALE, to comics. Overseeing the work of acclaimed writer Joshua Dysart (UNKNOWN SOLDIER) and fan-favorite artist Cliff Chiang (HUMAN TARGET), they compose a graphic novel that explores a whole new dimension to the album that *Rolling Stone* voted as one of the best of its year.

In the Fall of 2003, as the nation gallops into war, a politically active teenage girl named Sun lives, loves and dreams in a small California town named Greendale.

Sun's always been different. There's been talk that the women in her family have all had a preternatural communion with nature. And when a Stranger comes to town – a character whose presence causes Greendale to, well, go to hell – she'll find herself on a journey both mystical and mythical. To face the Stranger, she'll unearth the secrets of her family in a political coming-of-age story infused with its own special magic.

A four-issue hard boiled noir crime thriller with girls, guns, fangs and aliens.

New York, 1929. The height of prohibition. The cops turn a blind eye while the mobs run the city, dealing in guns, girls and illegal liquor. But the arrival of the mysterious Dragonmir Family from Eastern Europe with more of a taste for blood then booze co-incides with a series of brutal attacks on the gangsters themselves. As the gangs fall before the fangs, only handful of mobsters survive. But an unlikely alliance formed between tough guy Eddie Falco and a character from a LONG way from New York City – a long way from Earth in fact - offers the humans a glimmer of hope. As the strong willed young reporter Susie Dale from the Gotham Herald tries to survive in the middle of the maelstrom, and an ancient prophecy unfolds, no one can guess who's going to win the battle for this particular slice of Turf.

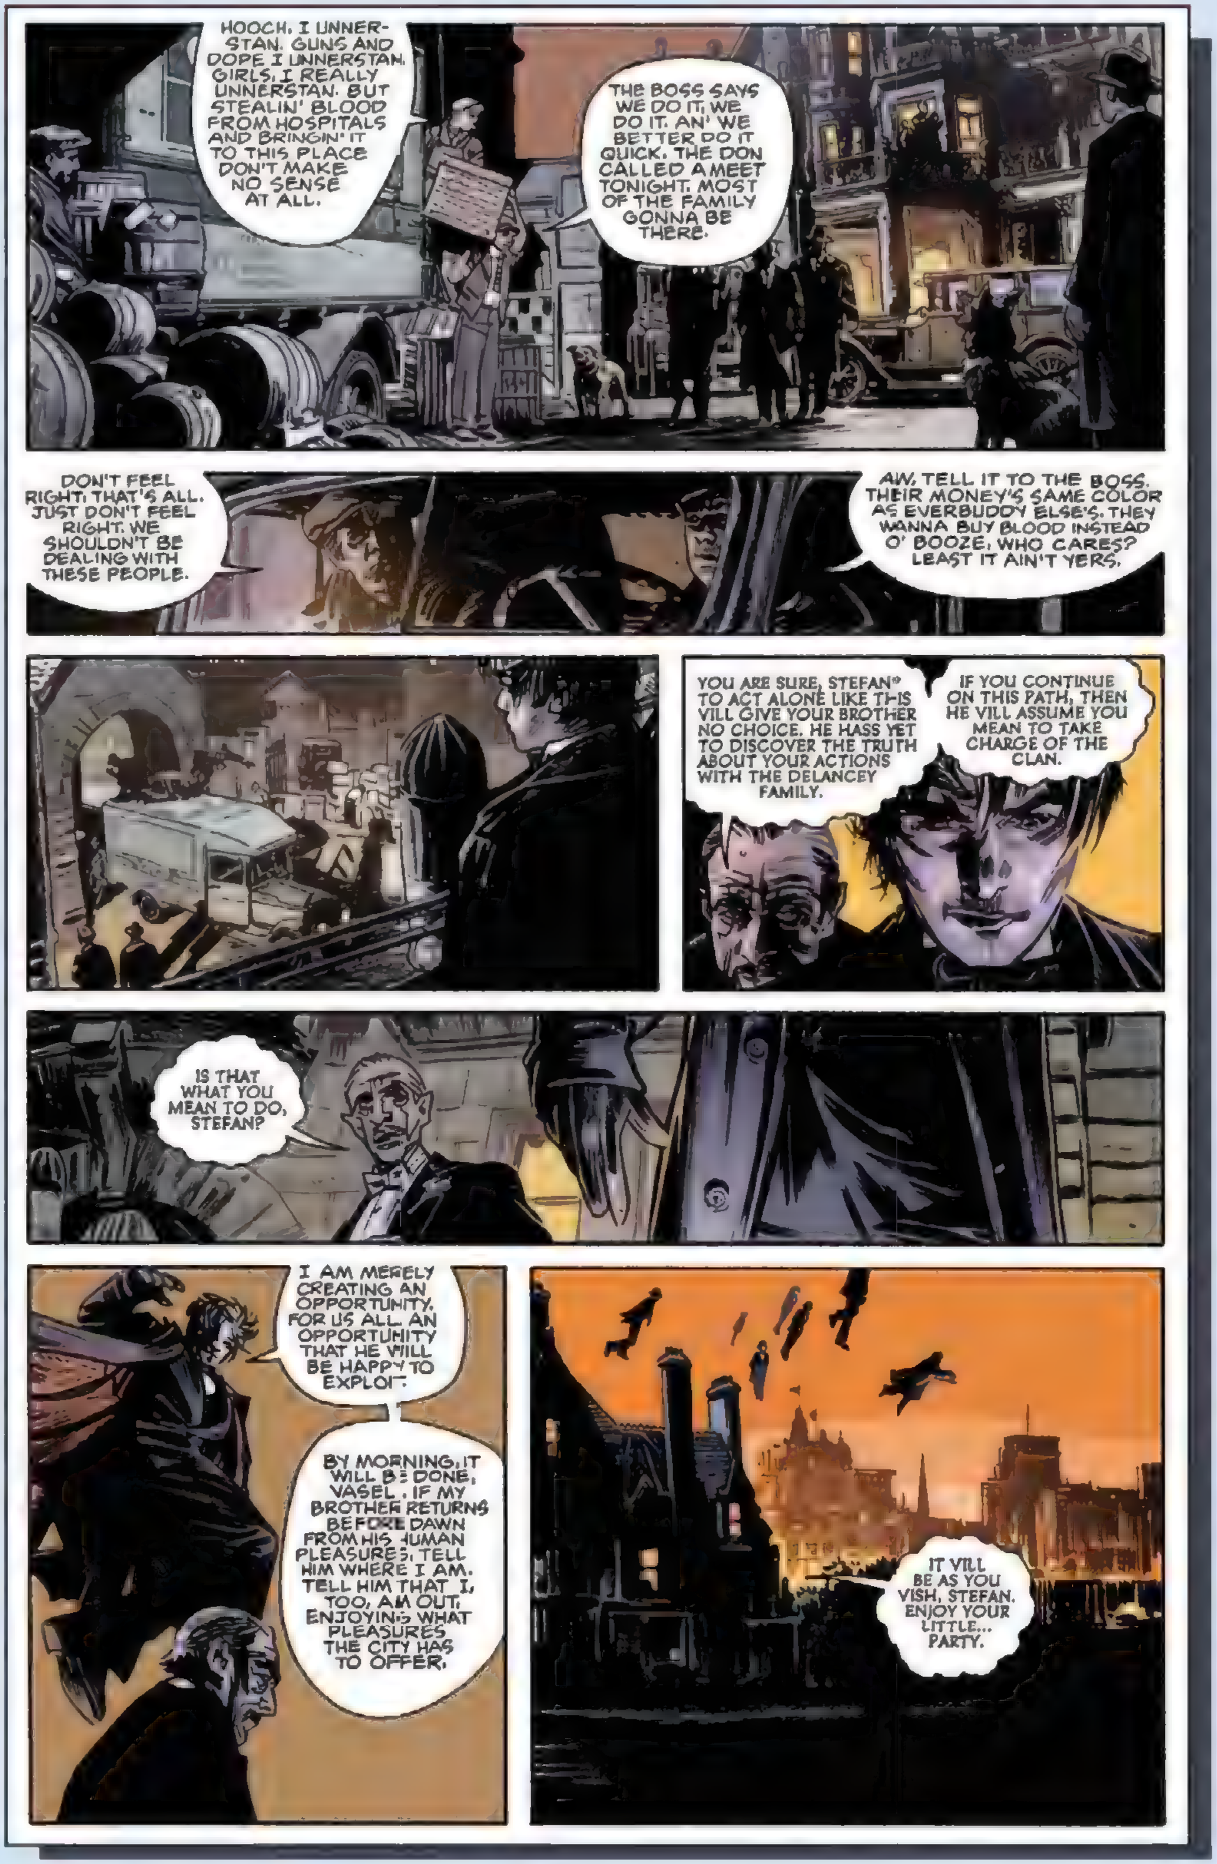
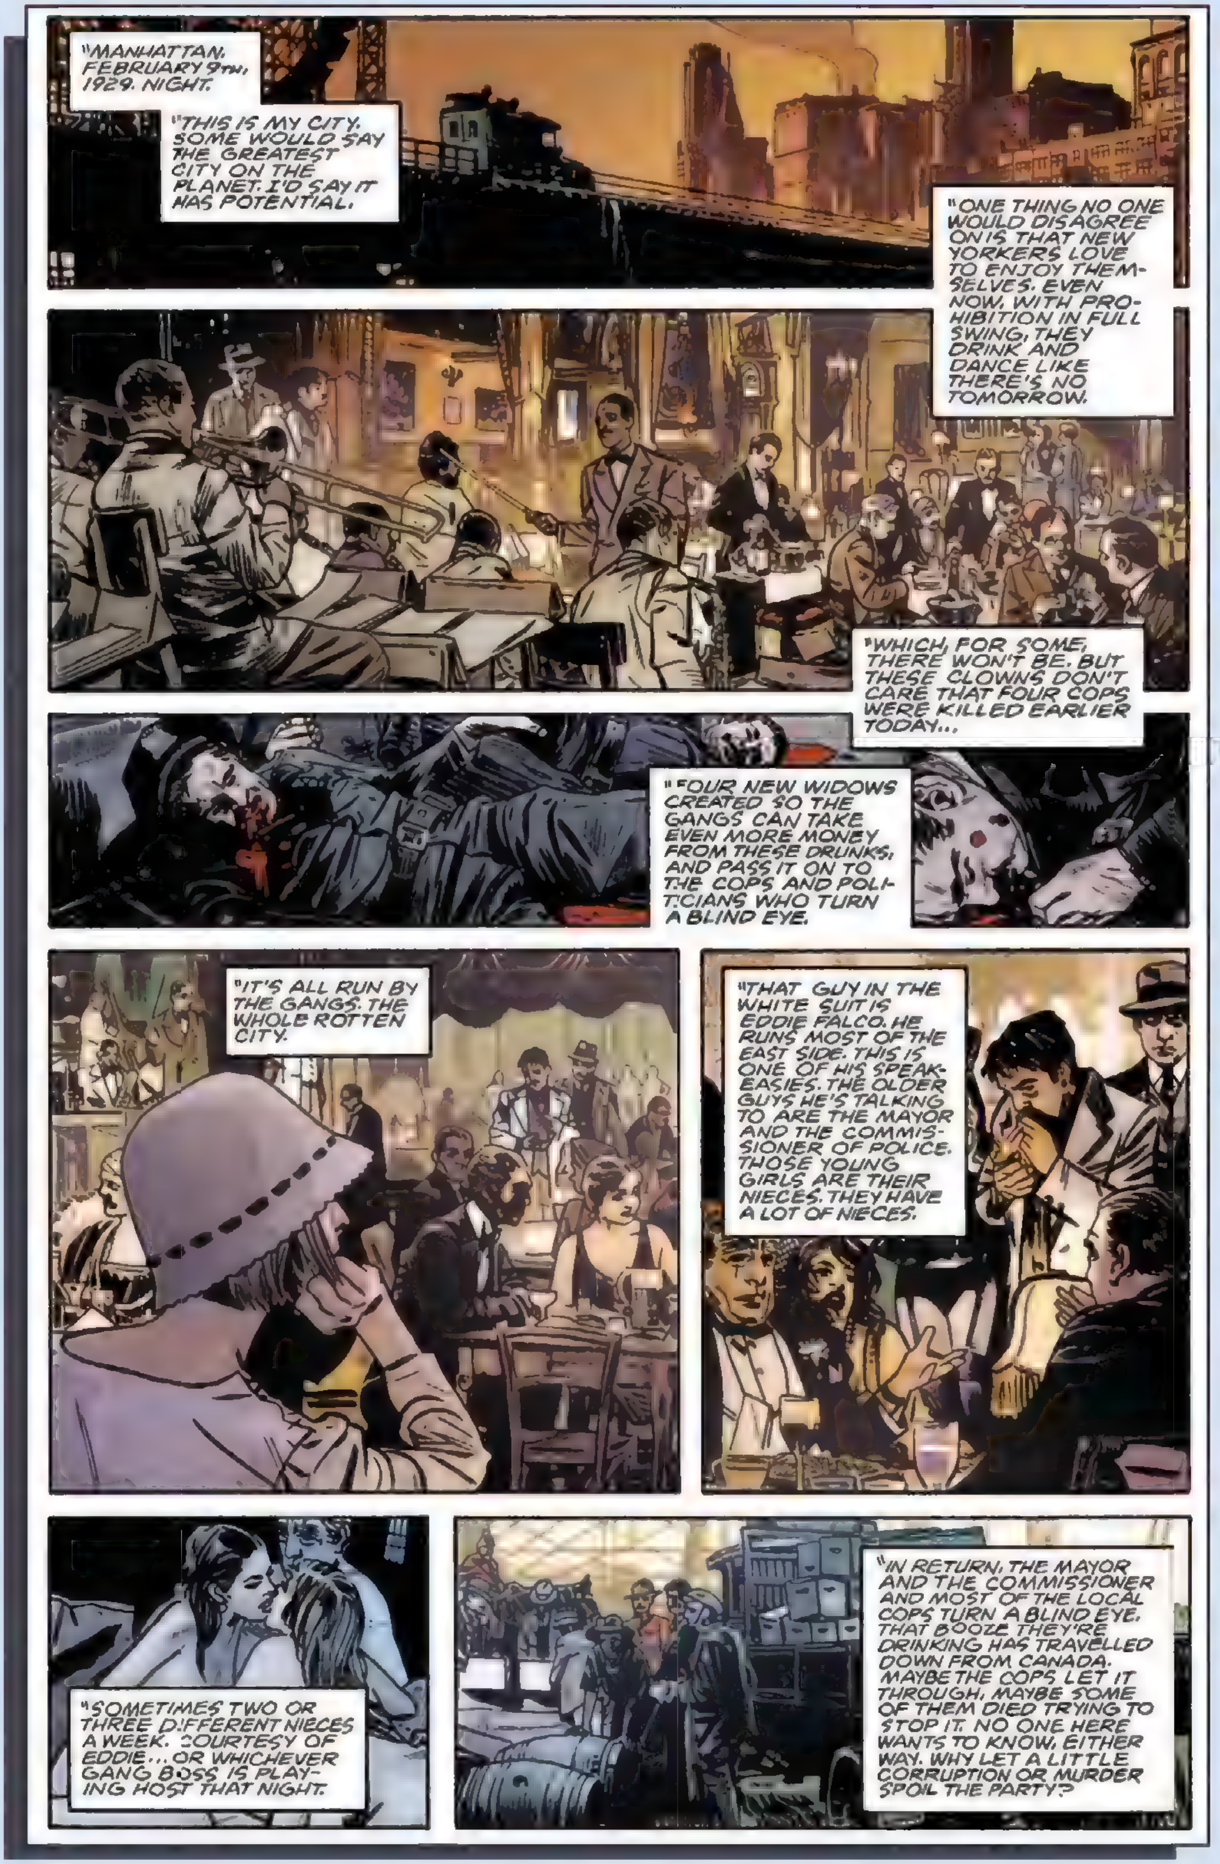
JONATHAN ROSS

is one of the highest profile broadcasters in the UK. His weekly talk show, **Friday Night with Jonathan Ross** is entering its 11th year on BBC1, and is the UK's most successful comedy talk show. It is now broadcast via the BBC in the USA, Australia, Canada, New Zealand, and in assorted other weirdly arbitrary territories. He also hosts an award winning weekly radio show, the BBC's flagship Film review program and the Bafta Film Awards, which is shown in numerous countries around the world.

In a career that spans over twenty years Ross has often been associated with cult entertainment. His award winning series **The Incredibly Strange Film Show** and it's sequel, **The Son of the Incredibly Strange Film Show** won a fan following that remembers them fondly to this day. He was responsible for the first western television interview with Jacki Chan, Tsui Hark and many other leading Hong Kong stars. He has authored programs on subjects as diverse as Korean Cinema, Drive-Through Funeral parlors in Louisiana and Steve Ditko. He has a collection of comics and original art so large it frightens even him.



HOOCH, I UNNERSTAN. GUNS AND DOPE I UNNERSTAN. GIRLS, I REALLY UNNERSTAN. BUT STEALIN' BLOOD FROM HOSPITALS AND BRINGIN' IT TO THIS PLACE DON'T MAKE NO SENSE AT ALL.
THE BOSS SAYS WE DO IT, WE DO IT. AN' WE BETTER DO IT QUICK. THE DON CALLED A MEET TONIGHT. MOST OF THE FAMILY GONNA BE THERE.
DON'T FEEL RIGHT, THAT'S ALL. JUST DON'T FEEL RIGHT. WE SHOULDN'T BE DEALING WITH THESE PEOPLE.
AW, TELL IT TO THE BOSS. THEIR MONEY'S SAME COLOR AS EVERBUDDY ELSE'S. THEY WANNA BUY BLOOD INSTEAD O' BOOZE, WHO CARES? LEAST IT AIN'T YERS.
YOU ARE SURE, STEFAN? TO ACT ALONE LIKE THIS VILL GIVE YOUR BROTHER NO CHOICE. HE HASS YET TO DISCOVER THE TRUTH ABOUT YOUR ACTIONS WITH THE DELANCEY FAMILY.
IF YOU CONTINUE ON THIS PATH, THEN HE VILL ASSUME YOU MEAN TO TAKE CHARGE OF THE CLAN.
IS THAT WHAT YOU MEAN TO DO, STEFAN?
I AM MERELY CREATING AN OPPORTUNITY, FOR US ALL. AN OPPORTUNITY THAT HE VILL BE HAPPY TO EXPLOIT.
BY MORNING, IT WILL BE DONE, VASEL. IF MY BROTHER RETURNS BEFORE DAWN FROM HIS HUMAN PLEASURES, TELL HIM WHERE I AM. TELL HIM THAT I, TOO, AM OUT, ENJOYING WHAT PLEASURES THE CITY HAS TO OFFER.
IT VILL BE AS YOU VISH, STEFAN. ENJOY YOUR LITTLE... PARTY.

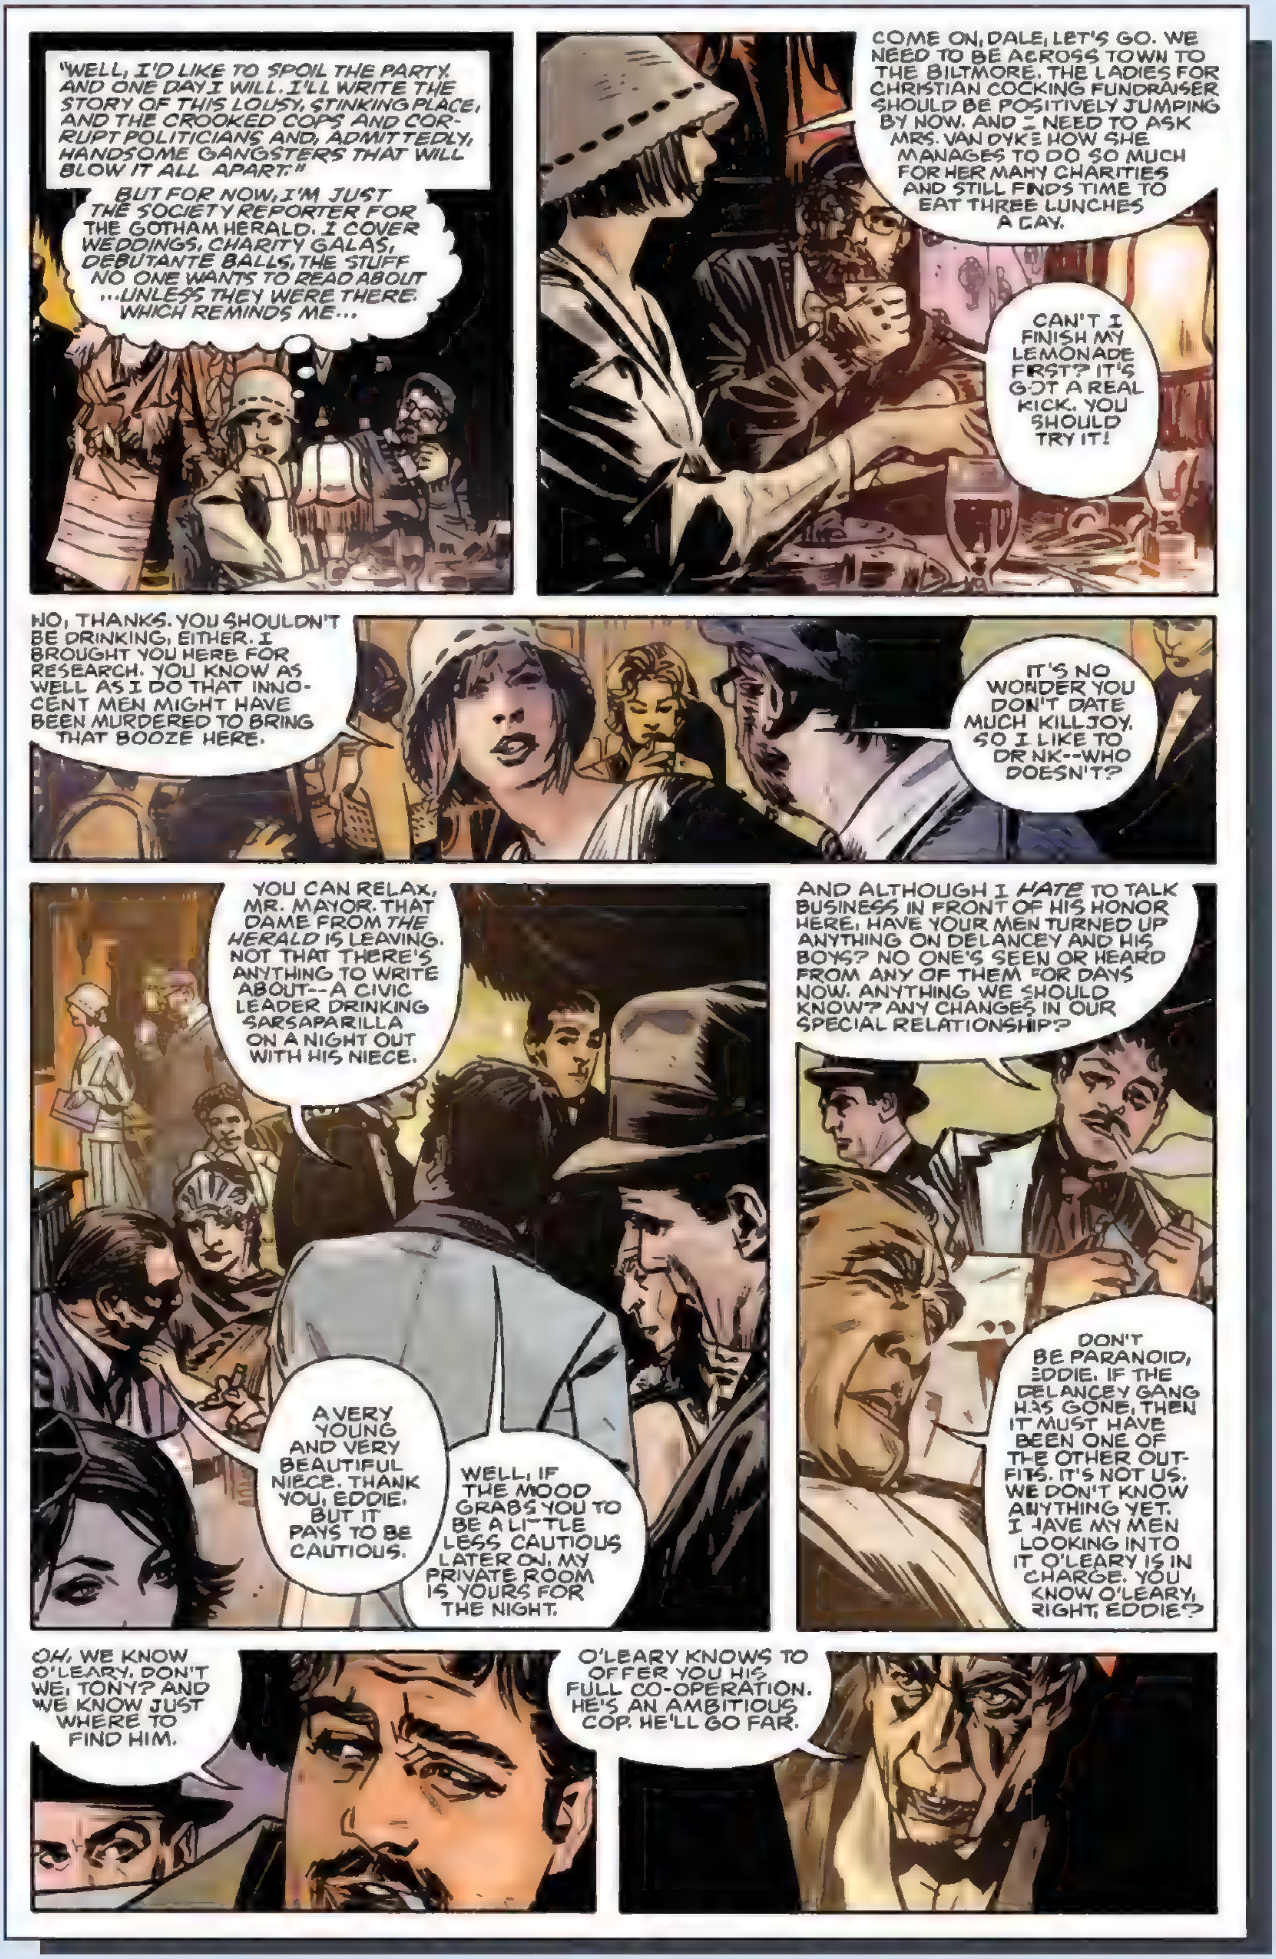


"MANHATTAN. FEBRUARY 9TH, 1929. NIGHT.
"THIS IS MY CITY. SOME WOULD SAY THE GREATEST CITY ON THE PLANET. I'D SAY IT HAS POTENTIAL.
"ONE THING NO ONE WOULD DISAGREE ON IS THAT NEW YORKERS LOVE TO ENJOY THEMSELVES. EVEN NOW, WITH PROHIBITION IN FULL SWING, THEY DRINK AND DANCE LIKE THERE'S NO TOMORROW.
"WHICH, FOR SOME, THERE WON'T BE. BUT THESE CLOWNS DON'T CARE THAT FOUR COPS WERE KILLED EARLIER TODAY...
"FOUR NEW WIDOWS CREATED SO THE GANGS CAN TAKE EVEN MORE MONEY FROM THESE DRUNKS, AND PASS IT ON TO THE COPS AND POLITICIANS WHO TURN A BLIND EYE.
"IT'S ALL RUN BY THE GANGS. THE WHOLE ROTTEN CITY.
"THAT GUY IN THE WHITE SUIT IS EDDIE FALCO. HE RUNS MOST OF THE EAST SIDE. THIS IS ONE OF HIS SPEAKEASIES. THE OLDER GUYS HE'S TALKING TO ARE THE MAYOR AND THE COMMISSIONER OF POLICE. THOSE YOUNG GIRLS ARE THEIR NIECES. THEY HAVE A LOT OF NIECES.
"SOMETIMES TWO OR THREE DIFFERENT NIECES A WEEK. COURTESY OF EDDIE... OR WHICHEVER GANG BOSS IS PLAYING HOST THAT NIGHT.
"IN RETURN, THE MAYOR AND THE COMMISSIONER AND MOST OF THE LOCAL COPS TURN A BLIND EYE. THAT BOOZE THEY'RE DRINKING HAS TRAVELLED DOWN FROM CANADA. MAYBE THE COPS LET IT THROUGH, MAYBE SOME OF THEM DIED TRYING TO STOP IT. NO ONE HERE WANTS TO KNOW, EITHER WAY. WHY LET A LITTLE CORRUPTION OR MURDER SPOIL THE PARTY?

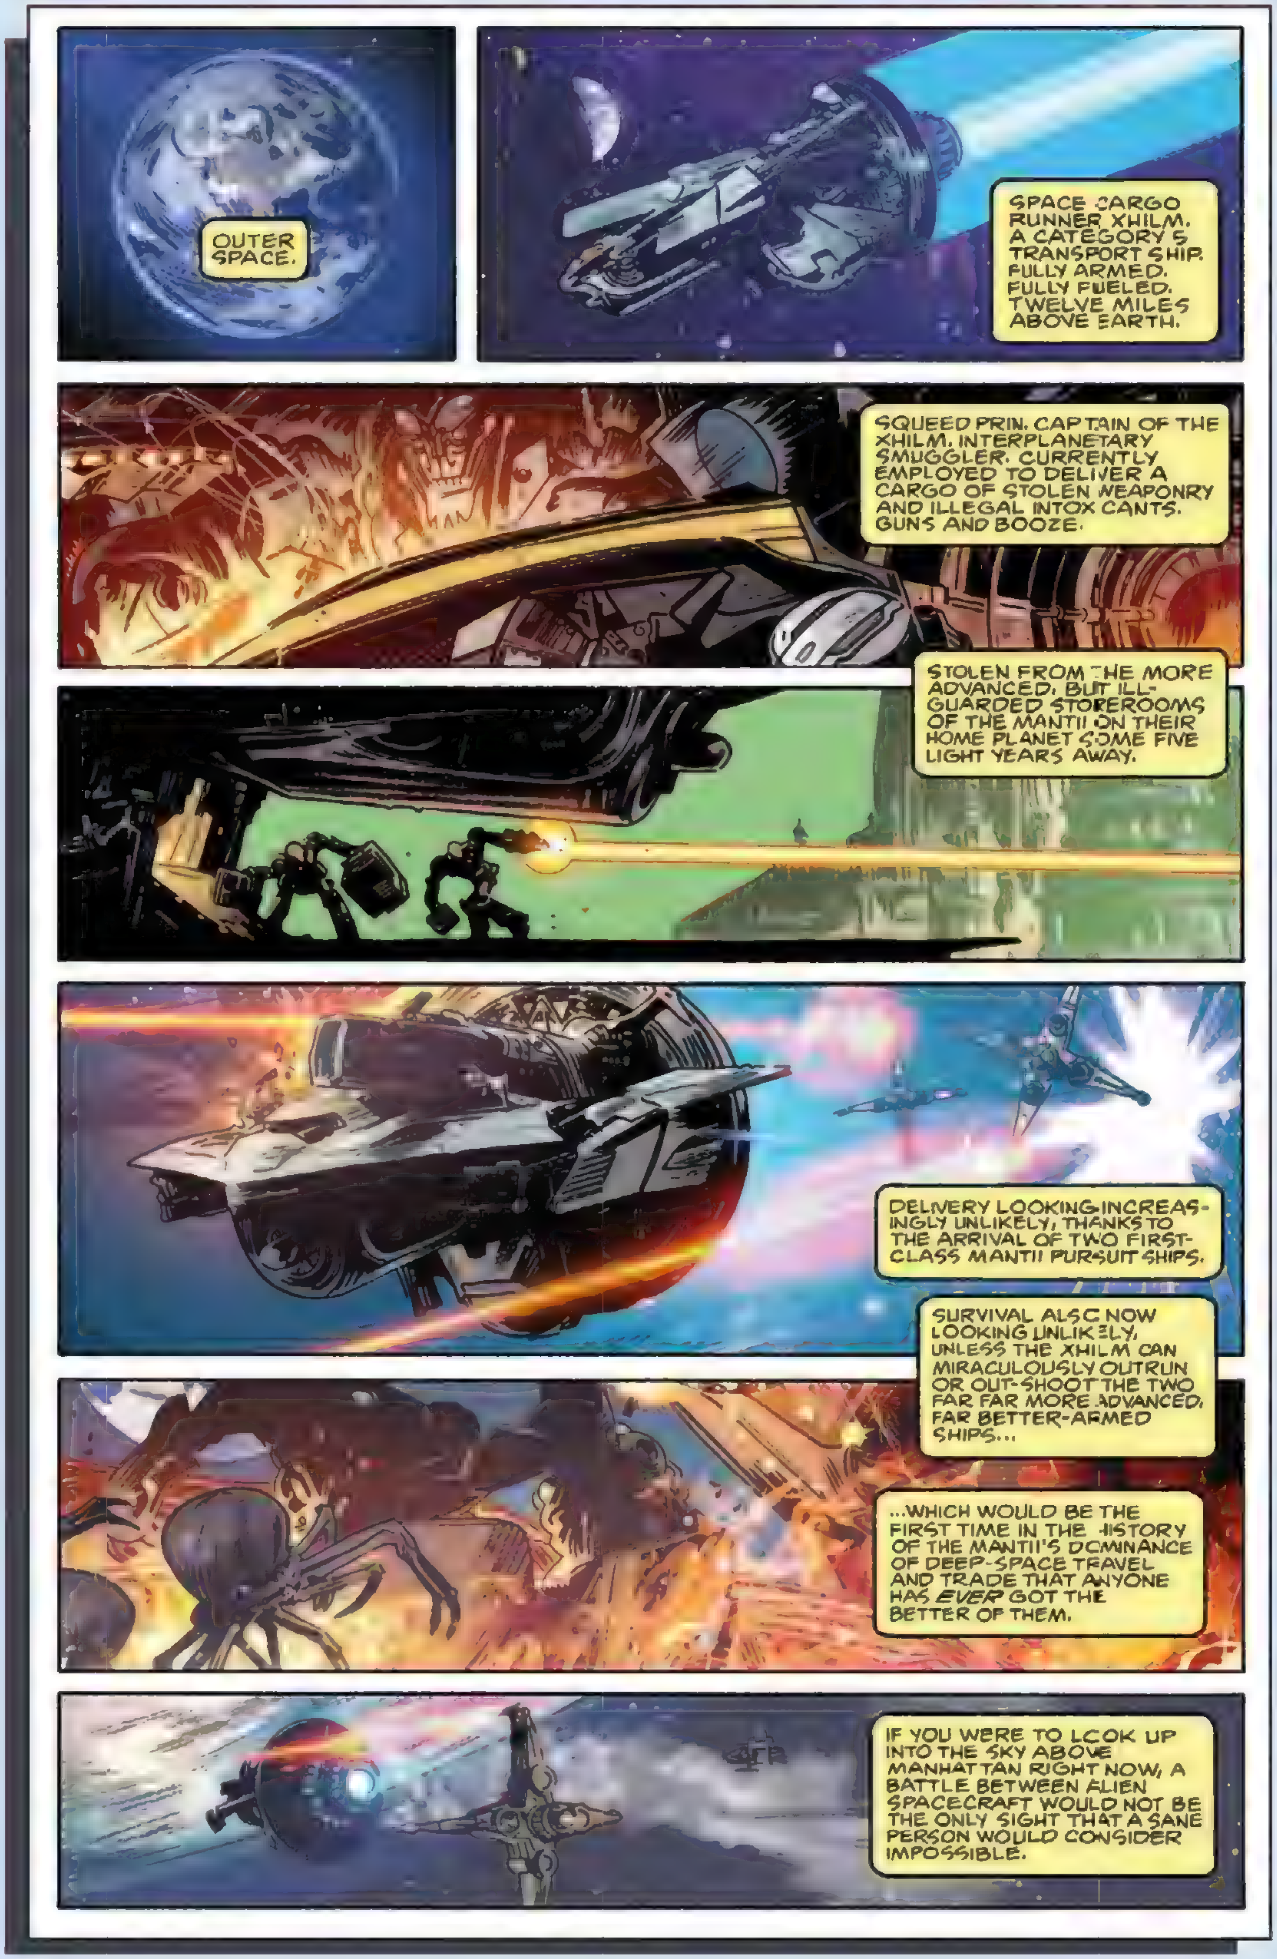
TOMMY LEE EDWARDS

After studying film and illustration at the Art Center College of Design, Edwards took the comics industry by storm with his illustrations on such titles as **X-Men**, **Daredevil**, **Marvel 1985**, **Batman** and **The Question**. Proving to be one of the most respected and versatile artists working today, he has also designed video games like **Command and Conquer**, **James Bond** and **Prey**.

Edwards created the licensing style-guides for films such as **Harry Potter and the Sorcerer's Stone**, **Men in Black II**, **Superman Returns**, **Star Wars**, **Indiana Jones**, and **Batman Begins**. For LucasFilm, he's created countless pieces for books, merchandise, magazines, and posters. Edwards perhaps feels most at home putting his imagination and storytelling flare to the test while working as a conceptual and storyboard artist for film. Recently he collaborated with the Hughes Brothers on their upcoming Denzel Washington epic **The Book of Eli**. Currently on Edwards' desk is a series of concept illustrations for the live-action film re-envisioning of **Masters of the Universe**, along with a **Prince of Persia** graphic novel for Disney Press.



"WELL, I'D LIKE TO SPOIL THE PARTY. AND ONE DAY I WILL. I'LL WRITE THE STORY OF THIS LOUSY, STINKING PLACE, AND THE CROOKED COPS AND CORRUPT POLITICIANS AND, ADMITTEDLY, HANDSOME GANGSTERS THAT WILL BLOW IT ALL APART."
BUT FOR NOW, I'M JUST THE SOCIETY REPORTER FOR THE GOTHAM HERALD. I COVER WEDDINGS, CHARITY GALAS, DEBUTANTE BALLS, THE STUFF NO ONE WANTS TO READ ABOUT ...UNLESS THEY WERE THERE. WHICH REMINDS ME...
COME ON, DALE, LET'S GO. WE NEED TO BE ACROSS TOWN TO THE BILTMORE. THE LADIES FOR CHRISTIAN COCKING FUNDRAISER SHOULD BE POSITIVELY JUMPING BY NOW. AND I NEED TO ASK MRS. VAN DYKE HOW SHE MANAGES TO DO SO MUCH FOR HER MANY CHARITIES AND STILL FINDS TIME TO EAT THREE LUNCHES A DAY.
CAN'T I FINISH MY LEMONADE FIRST? IT'S GOT A REAL KICK. YOU SHOULD TRY IT!
NO, THANKS. YOU SHOULDN'T BE DRINKING, EITHER. I BROUGHT YOU HERE FOR RESEARCH. YOU KNOW AS WELL AS I DO THAT INNOCENT MEN MIGHT HAVE BEEN MURDERED TO BRING THAT BOOZE HERE.
IT'S NO WONDER YOU DON'T DATE MUCH, KILLJOY. SO I LIKE TO DRINK--WHO DOESN'T?
YOU CAN RELAX, MR. MAYOR. THAT DAME FROM *THE HERALD* IS LEAVING. NOT THAT THERE'S ANYTHING TO WRITE ABOUT--A CIVIC LEADER DRINKING SARSAPARILLA ON A NIGHT OUT WITH HIS NIECE.
A VERY YOUNG AND VERY BEAUTIFUL NIECE. THANK YOU, EDDIE. BUT IT PAYS TO BE CAUTIOUS.
WELL, IF THE MOOD GRABS YOU TO BE A LITTLE LESS CAUTIOUS LATER ON, MY PRIVATE ROOM IS YOURS FOR THE NIGHT.
AND ALTHOUGH I *HATE* TO TALK BUSINESS IN FRONT OF HIS HONOR HERE, HAVE YOUR MEN TURNED UP ANYTHING ON DELANCEY AND HIS BOYS? NO ONE'S SEEN OR HEARD FROM ANY OF THEM FOR DAYS NOW. ANYTHING WE SHOULD KNOW? ANY CHANGES IN OUR SPECIAL RELATIONSHIP?
DON'T BE PARANOID, EDDIE. IF THE DELANCEY GANG HAS GONE, THEN IT MUST HAVE BEEN ONE OF THE OTHER OUTFITS. IT'S NOT US. WE DON'T KNOW ANYTHING YET. I HAVE MY MEN LOOKING INTO IT. O'LEARY IS IN CHARGE. YOU KNOW O'LEARY, RIGHT, EDDIE?
OH, WE KNOW O'LEARY, DON'T WE, TONY? AND WE KNOW JUST WHERE TO FIND HIM.
O'LEARY KNOWS TO OFFER YOU HIS FULL CO-OPERATION. HE'S AN AMBITIOUS COP. HE'LL GO FAR.



OUTER SPACE.
SPACE CARGO RUNNER XHILM. A CATEGORY 5 TRANSPORT SHIP. FULLY ARMED. FULLY FUELED. TWELVE MILES ABOVE EARTH.
SQUEED PRIN. CAPTAIN OF THE XHILM. INTERPLANETARY SMUGGLER. CURRENTLY EMPLOYED TO DELIVER A CARGO OF STOLEN WEAPONRY AND ILLEGAL INTOX CANTS. GUNS AND BOOZE.
STOLEN FROM THE MORE ADVANCED, BUT ILL-GUARDED STOREROOMS OF THE MANTII ON THEIR HOME PLANET SOME FIVE LIGHT YEARS AWAY.
DELIVERY LOOKING INCREASINGLY UNLIKELY, THANKS TO THE ARRIVAL OF TWO FIRST-CLASS MANTII PURSUIT SHIPS.
SURVIVAL ALSO NOW LOOKING UNLIKELY, UNLESS THE XHILM CAN MIRACULOUSLY OUTRUN OR OUT-SHOOT THE TWO FAR FAR MORE ADVANCED, FAR BETTER-ARMED SHIPS...
...WHICH WOULD BE THE FIRST TIME IN THE HISTORY OF THE MANTII'S DOMINANCE OF DEEP-SPACE TRAVEL AND TRADE THAT ANYONE HAS EVER GOT THE BETTER OF THEM.
IF YOU WERE TO LOOK UP INTO THE SKY ABOVE MANHATTAN RIGHT NOW, A BATTLE BETWEEN ALIEN SPACECRAFT WOULD NOT BE THE ONLY SIGHT THAT A SANE PERSON WOULD CONSIDER IMPOSSIBLE.

KiZoic™

KiZoic has been rattling around in the brains of Brent Erwin and David Hedgecock sence they formed Ape Entertainment. It's always been one of their primary goals to produce a line of exceptionally high quality young reader properties. They had some early successes with books like White Picket Fences and Go Go Gorilla and the Jungle Crew. They have been actively working on their new KiZoic brand for just about 2 years. They feel that someone needed to come in and make some comics that are just NEW, EXCITING, FRESH and FUN. That's what they are going to do.

KiZoic will launch with a **Mecha-Nation** mini-series. Creators Greg Guler, Vic Cook and Greg Weisman have built a comic that's this NEW, shiny, sparkling, fresh take on super powers. Mecha-Nation #1 hits store shelves in April 2010. The first issue is already completely finished. They are starting with a 3 issue mini-series and plan to follow that with a second. If things are going as planned, expect the launch of an ongoing series sometime in 2011.

The! Big! News! **Dreamworks Animation** is coming to comics and **Ape Entertainment** is the place! Shrek 4 hits theatres on May 21st, 2010. Ape wants to make sure retailers can take full advantage of all the buzz that will surround the film (which is brilliant by the way). So, there will be a **Shrek Prequel** in April, 2010 (solicited in this issue of Previews) that is a great primer for the new film and then **Shrek #1** will hit early May to coincide with the theatrical release.

As for the **Penguins of Madagascar**; It's currently one of the highest rated new television show on Nickelodeon and in heavy rotation with new episodes on the way. Ape plans to release the first issue of a four issue mini-series into stores in June 2010.

Mecha-Nation

The **Dreamworks Animation** properties are huge franchises with wildly successful movies and television shows behind them. Ape is very excited to bring the comic book adventures of these wonderful characters to fans and new readers of all ages.

In addition to **Mecha-Nation**, **Shrek** and **Penguins of Madagascar** we have **SCRATCH9** (about a little cat who can access all 8 of his past & future lives... one of them is a sabre-tooth tiger) and **LITTLE GREEN MEN** (about three bumbling aliens only inches high trying to take over the world a little bit at a time).

Ape Entertainment has been quietly producing a line of high quality comics for over half a decade. They have built up an amazing stable of creative talent and are now ready to step into the spotlight. The new projects they have on the board reflect that in a big way.

FRAGGLE ROCK COMIC DEBUTS IN APRIL

New series kicks off partnership between The Jim Henson Company and Archaia

[illegible]

[illegible]

JOE LEFAW: Fraggle Rock is a natural fit for comics. It's such a fun, vibrant, and colorful world. You can just imagine Gobo hopping across panels, dodging Sprocket as he sprints through Doc's workshop. Plus, these comics give us the opportunity to introduce Fraggle Rock to a new audience.

Fraggle Rock has always celebrated the idealistic dreamer, and supported the value of family, social harmony, and finding your place in this world by being honest with yourself and others. Such simple themes are as relevant and vital nowadays as when the series first premiered.

[illegible]

JOE LEFAVI: Truly exceptional storytelling can transcend notions like target audiences and age demographics. Fraggle Rock has always connected with fans of all ages from around the globe in a very simple and genuine way. Anyone can delight in and relate to the Fraggles' optimistic and earnest approach toward family, friendship, and life in general. So whether you're two or 92...you'll love Fraggle Rock.

[illegible]

JOE LEFAVI: One of our founding principles is that a few passionate individuals armed with one great idea can change the world. Archaia shares that vision. [Publisher] Mark Smylie and the gang have built an entire company on a few grand ideas and a great deal of passion. Archaia is known for their taste, integrity, and keen sense of visual storytelling. Yet above all, they've got heart and they're such HUGE fans. ([Archaia Director of Development] Stephen Christy hyperventilates every time he visits the Henson lot.) Archaia has been incredibly supportive of our mission to tell original stories, support new creators, and really take some risks. Together we're redefining how licensors can function and thrive in comics.

[illegible]

JOE LEFAVI: It's true that we were swamped with top creators eager to contribute to the collection. It was tempting to simply pick the Eisner winners and walk away. However, our ultimate goal was to keep the heart, spirit, and integrity of Fraggle Rock intact. Some names you'll most certainly recognize: Jeffrey Brown, Neil Kleid, Jeremy Love, just to name a few. Others are fresh talent and upcoming stars. Yet all of them are fans and truly believe in Fraggle Rock and the themes it championed. Their sincerity will keep the voice of Fraggle Rock singing and dancing in comic shops everywhere.

[illegible]

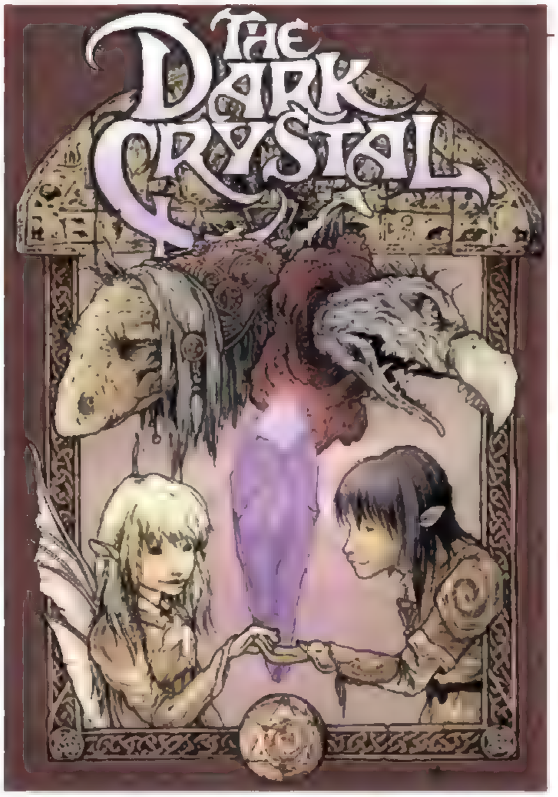
JOE LEFAVI: Every story in our anthology is an original tale. With that said, we're being very respectful of the classic TV show. In other words, our Fraggles aren't building time machines or battling cyborgs. No zombie Doozers either. These stories are intended to look, feel, sing, dance, and play just like the old episodes. It's essentially our fifth season.

[illegible]

JOE LEFAVI: Fraggle Rock is taking a unique approach as an anthology intended for all ages. Each issue will feature one main story, a few shorter tales, and some activity pages with games, puzzles, and arts and crafts projects. Every story is written and illustrated by a different creative team – some big names, some upcoming stars – so part of the fun is seeing how all these different creators bring Fraggle Rock and all your favorite characters to life!

[illegible]

JOE LEFAVI: Boober, hands-down. His sharp wit and unflappable pessimism make me giggle. Plus, even though his outlook on life is so different than other Fraggles, he always rises to the challenge and does the right thing. He's the perfect reluctant hero.



[illegible]

JOE LEFAVI: I can't divulge the stories or creative teams just yet, but get ready for some breathtaking journeys. Working with Froud has ensured that the original vision of these realms will remain intact. Every step we take in exploring these worlds will be extraordinary and true to our fans' expectations. Mind you, these titles aren't merely for the die-hard fans. None of our books are direct prequels or sequels of the films. So if you've never seen the films, the books will still entertain and probably blow your mind. Yet for those familiar with the franchises, we'll be delving into the rich mythologies of each film in ways we've never done before. Deeper into the past. Farther into the future. Examining characters and events in a new and exciting light. Quite frankly, these books are going to rock.

[illegible]

JOE LEFAVI: The Jim Henson Company is committed to becoming one of the most innovative and exciting new voices in comics. Our partnership with Archaia has provided a creative outlet that exists outside the restrictions of film and TV. We are free to run as fast and far as our legs can carry us, so get ready, people. We're going to explore and expand the boundaries of our classic mythologies. We're going to introduce bold, new worlds never before seen by our fans. This is just the beginning.

CROSSED

Garth Ennis has pulled out all the stops to write the most depraved and twisted book of his career, one that also may be his most poignant human drama! Crossed is Ennis' horrifically visceral exploration of the pure evil that humans are truly capable of indulging and collected here are all ten heart-stopping chapters. This gut-wrenching vision is brought to vivid (and more than a little disturbing) life by his partner in crime Jacen Burrows.

Imagine, for a moment, the worst crimes against humanity. Picture the cruelest affronts to decency. Conjure your darkest nightmares... and then realize it could all be so much worse. When civilization crumbles in one terrifying moment; when people are gleefully breaking into unthinkable acts of violence all around you; when everyone you love has died screaming in agony: What do you do? There is no help. There is no hope. There is no escape. There are only the Crossed.

The Crossed collected volume is available in three editions, all with new covers by series artist Jacen Burrows: A standard Trade Paperback, a Special Edition Hardcover that is limited to only **2000** units, and a special Dual Signed Hardcover that is signed by both writer Garth Ennis and artist Burrows that is limited to only **1000** copies!

THOUGHTS ON COMICS AND THINGS
BY
WARREN ELLIS

JACK KIRBY RIPPED MY FLESH
A grand tour through comics & culture
as seen through a burgled robot head

From Warren Ellis, the award-winning author, comics creator and popular columnist (currently writing the screenplay for the film adaptation of the comics series GRAVEL, also published by Avatar Press), comes a collection of the most mind-bending columns you've ever read! DO ANYTHING: VOLUME ONE collects the first 26 chapters of Ellis' text masterpiece and is a grand tour through comics & culture as seen through a burgled robot head. The robot head of Jack Kirby lives on Warren Ellis' desk. It knows everything and is connected to everything. You must obey the robot head of Jack Kirby. There are many ways to look at comics. In this book, we see the medium through the hazy android eyes of Jack Kirby (actually the stolen and repurposed head of the missing Philip K Dick robot, which Mr. Ellis confesses to swiping off the back of a plane), taking a rattling ghost-train ride through the history of comics. David Bowie, the CIA, mad architects, Will Eisner, Frank Zappa, Tintin, the designer of Skylab, a train station in Paris, Arthur C. Clarke, the circus, the Black Panther Party and William S. Burroughs: all of these things are connected by Jack Kirby, all part of the secret history of comics, and all illustrating the special nature of the medium as the place where you can do anything.

PRODUCT DESCRIPTION: Before history was recorded in stone and ink, some men wrote it in blood! Ellis and Wolfer, the writing team on Gravel, unveil the next six-issue barbaric epic of Wolfskin, this time joined by Gianluca Pagliarani, the star artist of Ignition City! His leather boots have carried him far, across an Earth both young and terrifying. He has wandered from the boreal climes of his former home among the Northish tribes to the bustling seaports of the southern fjords, neither escaping his past nor embracing his future. But for the nomadic, berserker warrior named Wolfskin, past and future are about to collide in an unprecedented adventure of cataclysmic proportions. Having slaughtered his own tribesmen in the throes of an uncontrollable blood-rage, Wolfskin hopes to find a purpose in life by accepting a position as guide and hired swordsman on a rescue quest to the volcanic, High Northish ice plains. Accompanied by a rogues gallery of misfits and magicians perched between prehistory and the advent of technology, Wolfskin will become the central player in the greatest undocumented heroic legend to ever be lost in the corridors of time. This all-new, full-color six issue series is available with several historic covers. Series artist Pagliarani provides the Regular and Wraparound covers, maestro Felipe Massafera delivers the lush Painted cover, super-star artist Juan Jose Ryp serves up the violent Blood Thirst cover, and retailers are able to order a super-limited Bronze & Blood edition.

Format: Full Color, 32 pages, 2 of 10
UPC: 820023006113-02011

About: The second installment of the ten-issue vampire epic on the bayou from the writer of the A Song of Ice and Fire novels is here! From the New York Times Best-selling author, George R. R. Martin, comes a tale of vampire clans, death and debauchery, legendary blood masters, and even a few epic steamboat races on the muddy Mississippi. This is Martin's FEVRE DREAM, an antebellum story of power, loss, and the fever of bloodlust. Marsh and York's beautiful riverboat, the Fever Dream, has already proved herself faster than the smaller boats on the river. But now she's going to face off against The Southerner, and that race won't be the only confrontation on the river when Marsh goes head to head with his co-captain! And what is the dark and brooding Damon Julian planning? There's snarling and dissent from his brood on the Garoux plantation that can only end in blood... but whose? Each issue of this stunning full-color epic is illustrated by Rafa Lopez, an artist whose skilled line captures every moonlit drop of blood in delicious detail. Adapted by the Hugo-nominated author Daniel Abraham, this version of FEVRE DREAM stays faithful to Martin's original dark vision, while bringing the torture and joy of his vampires to almost-human life. This haunting series is available with Regular and Wraparound painted covers by Felipe Massafera and a very limited Nightmare retailer incentive.

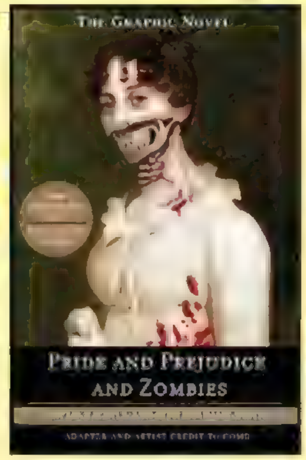
PRIDE AND PREJUDICE AND ZOMBIES: THE GRAPHIC NOVEL GN

(W) Tony Lee (A) Cliff Richards



"It is a truth universally acknowledged that a zombie in possession of brains must be in want of more brains." So begins *Pride and Prejudice and Zombies* — Jane Austen's immortal classic of Regency romance, brought to glorious, gory new life with zombie mayhem from Seth Grahame-Smith. The book quickly became a *New York Times* bestseller, and now the story is a graphic novel — the perfect format to bring this remixed masterpiece to zombie-loving pop-culture fans. Elizabeth Bennet is one of England's most fearsome warriors, whose speed with a sword is only matched by her quick wit. But she faces her most formidable foe yet in the haughty, conceited, and yet strangely attractive person of Mr. Darcy. As the two lovers meet in the ballroom and on the battlefield, they'll soon learn that nothing — not even bands of ninjas, disapproving aunts, and an army of ravenous zombies — can stop true love. See page ???.

In his all-new graphic novel, one of the leading cartoonists of our time, Daniel Clowes, creates a thoroughly engaging, complex and fascinating character study of the modern egotist, outspoken and oblivious to the world around him. Working in a single-page-gag format and drawing in a spectrum of styles, the cartoonist of *Ghost World* gives us his funniest and most deeply affecting novel to date. Wilson, an opinionated middle-aged loner, loves his dog and possibly no one else. After his father dies, Wilson sets out to find his ex-wife with the hope of rekindling their long-dead relationship, and discovers he has a teenage daughter, born after the marriage ended and given up for adoption. Wilson eventually forces all three to reconnect as a family — a doomed mission that will surely, inevitably backfire. *Wilson* is Clowes' first all-new graphic novel that has not been serialized and is being presented in book form for the first time.

FALL OF THE HULK®
FINE ART STATUE

The Hulk has been a staple superhero of the Marvel Comics for years, battling foes across the universe in epic storylines. In 2008 the gamma-powered powerhouse met his match in a mysterious crimson-hued mirror image: the **RED HULK**. Massively powerful and frighteningly intelligent, the villain has all of the Hulk's strengths and none of his weaknesses. With a mean streak matching his might, the Red Hulk (also known as "Rulk") has beaten many of Marvel Comics' superheroes and remains a threat to the entire Earth in the current Fall of the Hulk story.

Sculpted by master artist Eric Sosa, Red Hulk stands almost 13 inches tall (1/6th scale), veritably leaping off of his exclusive "georama" base. You can display the Red Hulk in two different ways according to your preferences with two included heads: one depicts the monster grinning in evil glee, while the other is a mask of rage crisscrossed by a yellow "X."

FEATURED ITEM

WEATHERCRAFT
by Jim Woodring
104 pgs / BW / 7.5 x 9.5 / HC
$19.99 ISBN 9781606993408

Weathercraft
A FRANK COMIC
FANTAGRAPHICS BOOKS

For over 20 years, Jim Woodring has delighted, touched, and puzzled readers around the world with his lush, wordless tales of "Frank."

Weathercraft is Woodring's first full-length graphic novel set in this world—indeed, Woodring's first graphic novel, period!—and it features the same hypnotically gorgeous linework and mystical iconography.

As it happens, Frank has only a brief supporting appearance in Weathercraft, which actually stars Manhog, Woodring's pathetic, brutish everyman (or everyhog), who had previously made several memorable appearances in "Frank" stories.

After enduring 32 pages of almost incomprehensible suffering, Manhog embarks upon a transformative journey and attains enlightenment. He wants to go to celestial realms but instead altruistically returns to the Unifactor to undo a wrong he has inadvertently brought about: The transformation of the evil politician Whim into a mind-destroying plant-demon who distorts and enslaves Frank and his friends. The new and metaphysically expanded Manhog sets out for a final battle with Whim...

Weathercraft also co-stars Frank's cast of beloved supporting characters, including Frank's Faux Pa and the diminutive, mailbox-like Pupshaw and Pushpaw; it is both a fully independent story that is a great introduction and whirlwind reunion to Woodring's world, and a sublime addition to, and extension of, the Frank stories.

Weathercraft will be a defining graphic novel of 2010.

PRINCE VALIANT VOL. 2
by Hal Foster
112 pgs / FULL COLOR / 10.25 x 14 / HC
$29.99 ISBN 9781606993434

In this second volume, Prince Valiant helps his father reclaim his throne in kingdom of Thule, fights alongside King Arthur, and is made a knight of the Round Table for his bravery and wit. Bored by the peace he helped to create, Val decides to battle the Huns. When Val's army breaches the Huns' stronghold, he discovers that corruption reigns in Rome. Thus Val sets off with Sir Gawain and Tristam of Arthurian legend, and the fellowship of the trio sees them through false imprisonment and daring escapes. By the end of this volume, Val boards a ship to Sicily—yet a storm approaches, throwing him off-course, as adventure follows him everywhere. Thanks to the use of original proof sheets and advances in printing technology, these comic strip masterpieces are even brighter and crisper than when originally published 70 years ago! Finally Foster's achievement is treated to the grand depiction it deserves.

THE COLLECTED RADICAL DREAMER: DREAMS CANNOT DIE TP

(W/A) Mark Wheatley

Originally $17.95, now offered at $7.95. In the world of 3052, Max Wrighter dreamed of bringing education to the masses. He designed the DreamNet, an electronic web capable of linking its users to a dimension beyond reality. With no means to enact the DreamNet, Max sold his dream to the Owners, the uberclass who ruled society, having faith that they would make his dreams a reality, but the Owners turned the Net into an addictive stream of propaganda and pandering entertainment while reaping profits. Severing his ties to reality, he flung himself headlong into the DreamNet — and found himself capable of entering the dreams of any person linked to the Net, becoming the Radical Dreamer.

RED TIDE

Dark Horse Comics

Let's pull out all the clichés: All good things come to he who waits, if you want something done right do it yourself, it is better late than never, and of course I can make the deadline.

After many years, a decade even, Jim Steranko's Chandler-esque graphic novel *Red Tide* is finally ready.

Steranko has taken the Raymond Chandler graphic narrative he did in the seventies, polished it up, revising and updating both text and art. This is now basically a new publication showcasing the storytelling and graphic style that is uniquely Steranko.

Part Philip Marlowe, part Jim Steranko himself, you are taken into a story of dames, death and deception, a story that would do Chandler and Dashiell Hammett proud. *Red Tide* is a great combination of story and art, I just wish it hadn't taken so long to get here.

Noir doesn't always have to be black & white, and *Red Tide* is noir done right.

HEY PRINCESS GN

(W/A) Mats Jonsson

Hey Princess is a story of moving to the big city, and being young, insecure and desperate to be as hip as everyone else. When first published in Sweden, the book received praise among both critics and readers for its incisive and entertaining account of indie pop-listening young people in the mid-1990s. *Hey Princess* takes its place in the proud tradition of self-deprecating, confessional, sex-obsessed and guilt-ridden autobiographical comics, but stakes out a unique identity by virtue of its Nordic setting and biting social criticism.

THE 120 DAYS OF SIMON GN

(W/A) Simon Gardenfors

Swedish cartoonist/rapper Simon Gardenfors left his home to spend four months on the road. His rules were simple: During the 120 days he wasn't allowed to return to his home, or to spend more than two nights at the same place. Otherwise, anything could happen — and it did. The result was an epic adventure across Sweden as Simon slept on strangers' couches, visited an ostrich farm, ate a psychedelic cactus, practiced free love, received death threats, was beaten up by teenagers, got adopted by a motorcycle gang, drank obscene amounts of alcohol, and sacrificed his underpants to the Nordic god Brage.

WILSON HC
Drawn & Quarterly

Sequential art giant Daniel Clowes has reached into the one of the most awkward corners of humanity to deliver to us the insufferable character of Wilson. Callously judgmental but equally oblivious, Wilson is a 40-something jobless loner whose every attempt to form some sort of human connection only succeeds in ostracizing himself further from society at large. To him, those who work are slaves to the rat race, successful people are overcompensating with elitist displays of wealth and class, and no one's behavior or values have merit when compared to his own self-aggrandizing opinions of his own life. When he attempts to rekindle a long dead relationship and learns he has a daughter he never knew about, his ham-fisted attempt to assert himself as her father figure and awkwardly cobble together a family unit leads him down a path that, given his belligerent nature, can only lead to self-destruction. With a shifting art style that runs the gamut from tightly rendered to garishly cartoony, the story evolves through the medium of single page snapshots of Wilson's life, structured like a gag cartoon where the final panel is the punch line. And like many modern humorists, Clowes makes us laugh again and again, and not necessarily because of what his characters say, but because you can't believe they said it. Equal parts comedy and tragedy, *Wilson* will stand the test of time as one of Clowes seminal works, and a testament of masterful modern graphic storytelling.

Growing Up Enchanted

GROWING UP ENCHANTED TP
AAM Markosia

A few years back, Jack Briglio and Alexander Serra put together a cute little series called *Growing Up Enchanted*. The adventures of a girl named Olianna among mythical creatures in a fantasy realm, this delightful miniseries grew smitten attention from critics, who went on to nominate it for an Eisner Award in 2003 as the "Best Title for a Younger Audience." Now, with much fanfare, AAM Markosia is bringing the series to comic audiences again in a complete collection.

It's adorable. Really, really adorable. It looks and feels like an animated film. You know when you walk out of a movie theater after having seen a particularly enjoyable flick aimed at kids and adults alike? That extra hop in your step, an almost uncontrollable grin on your face? That's what it feels like to read *Growing Up Enchanted*. I highly encourage readers of all ages to pick up this book and embrace that euphoric sense of fantasy and wonder.

DIAMOND SELECT TOYS AND COLLECTIBLES: A LOOK BACK... AND GOING FORWARD.

This month, you'll notice that for the first time in over five years, there are no new Diamond Select (DST) items listed in *PREVIEWS*. For those of you that have followed DST closely over the past few years, you know us as a company that is always changing and evolving, hopefully in positive ways that not only satisfy the needs of our fans, but those of the retailers that serve you.

It was not too long ago that most of the items DST listed in a given month were mostly resin statues and busts. But as the economy and job market changed, so too did DST. We introduced the lower retail/high value vinyl bank line, as well as our Ultimate Quarter Scale line. And our ever-popular Minimates line saw massive expansion into new and exciting licensed properties. High value/high play factor items like the *Wrath of Khan* phaser and the *Back to the Future* time machine replicas met a willing and eager marketplace. And new licenses like Columbia's *Ghostbusters* have brought us tremendous success and positive collector appeal. In fact, we've been very fortunate to be able to work on such iconic brands like these and more over the past several years.

As I write this, the DST team is deep into planning out the rest of our 2010 schedule, which includes our annual appearances at New York's *International Toy Fair* and *Comic Con International: San Diego*. We have at least two exciting new licenses that we can't wait to show everyone... but we're not quite there yet. To that end, we have decided that, rather than just rushing out a listing before we're absolutely ready, we will use this month to catch up on some of our later-shipping projects, and put the final finishing touches on those new projects that we can't wait to share with you!

Thanks to the many positive changes that DST has made over the last few years, we feel confident that we now offer more of the products that will find a place in your collection... and a place of honor on your shelf. Over the next few pages we'll be presenting some of the more classic items that DST has made in the recent past, hopefully giving you and your favorite collector shops a second chance to pick up items that, for one reason or another, you may have missed out on the first time they were offered.

Stay tuned to www.diamondselecttoys.com and www.previewsworld.com for the new items DST will be showing at Toy Fair this February.

RECREATING THE STAR WARS UNIVERSE

Star Wars® The Official Figurine Collection recreates the complex universe of George Lucas's films in this exciting, magazine series. A fully detailed, hand-finished *Star Wars* figurine of one of the major characters, spaceships or vehicles of the *Star Wars* universe comes with every issue. Each figurine has been specially commissioned and approved by Lucasfilm.

THE MAGAZINE

The magazines perfectly complement the collection of miniature figurines. Forming a complete guide to the *Star Wars* universe, they include information, anecdotes, details and in-depth articles about every aspect of the saga together with an extensive selection of images and graphics from the Lucasfilm archives.

MATERIAL STUDY

The appearance of every figurine in the collection was only finalized after a thorough study of the saga. The *Star Wars* films were watched many times, and Lucasfilm's extensive photographic archive was constantly accessed to capture the postures and features of each character.

PROTOTYPE MODELLING

The modelling work was undertaken by a team of professional sculptors and modelmakers who utilized all of the available reference sources to create accurately scaled 3D figures. The result is a faithful and detailed likeness of the characters as they appear in the films.

FINISHING TOUCHES

When the prototype models were finished, they were checked once again with the official reference material. This attention to detail has guaranteed that the figurines capture the essence of the characters or vehicles they represent.

EXCEPTIONAL QUALITY MINIATURES

The figurines are manufactured from a high-strength metal alloy, allowing even the finest details of the characters to be captured. Each ndividual figurine, except for the spaceships ias been designed to a 1:32 collector's scale All the figurines have been created exclusively or the collection and hand-painted according o Lucasfilm's specific guidelines

For the first time De Agostini's *STAR WARS®: The Official Figurines Collection* is available through comic stores in the USA.

THE KOTOBUKIYA COLLECTION IRON MAN MARK IV ARTFX STATUE

A KOTOBUKIYA Japanese import!

In May of 2010, Robert Downey Jr. will reprise his role as Tony Stark and his heroic alter ego Iron Man in the hottest sequel of the year, Iron Man 2! To commemorate the triumphant return of this iconic character, Kotobukiya is proud to add the **IRON MAN 2 MOVIE IRON MAN MARK IV ARTFX STATUE** to the Marvel Studios collection!

After surviving imprisonment by terrorists, billionaire industrialist Tony Stark created the Mark II armor suit. This was followed up soon after by the iconic Mark III suit used to battle Stane and his Iron Monger suit at the culmination of the first film. In the sequel the ever-productive Stark improves on his own designs yet again with the Mark IV, the absolute cutting edge in high-tech personal armor suit and man-sized weaponry. Sleeker and more powerful than the previous versions, the Mark IV is visually impressive and will look great in your collection!

Sculpted by Ryoichi Ito, Iron Man stands approximately 13 inches tall (1/6th scale) atop an exclusive cylindrical Repulsor Transmitter base. To show off the Iron Avenger's mighty power the Mark IV includes LED lights in the eyes, chest, fists, and base! In addition, the switch to activate the lights is located on the top of the base for easy activation. This pre-painted, snap-fit ARTFX Statue is easy to assemble so you can have your Iron Man Mark IV on display in no time!

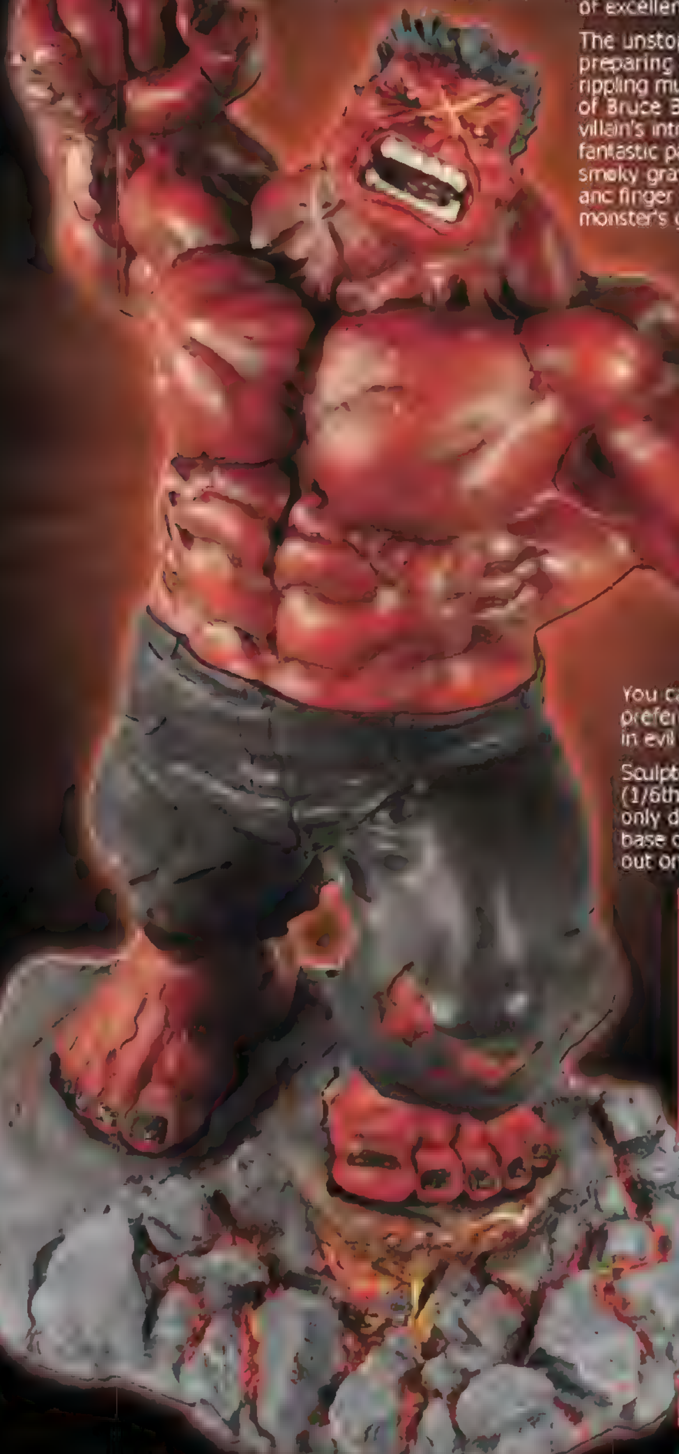
THE KOTOBUKIYA COLLECTION MARVEL STUDIOS: FALL OF THE HULK RED HULK FINE ART STATUE



A ***KOTOBUKIYA*** *Japanese import!* The Hulk has been a staple superhero of the Marvel Comics for years, battling foes across the universe in epic storylines. In 2008 the gamma-powered powerhouse met his match in a mysterious crimson-hued mirror image: the **RED HULK**. Massively powerful and frighteningly intelligent, the villain has all of the Hulk's strengths and none of his weaknesses. With a mean streak matching his might, the Red Hulk (also known as "Rulk") has beaten many of Marvel Comics' superheroes and remains a threat to the entire Earth in the current Fall of the Hulk story. Based on the stunning art of Ed McGuinness, the Red Hulk Fine Art Statue continues Koto's tradition of excellence.

The unstoppable Red Hulk rampages across a blasted volcanic landscape, preparing a lethal blow for his foes. The brute is absolutely covered in rippling muscles, with muscular definition rivaling (and even exceeding) that of Bruce Banner's gamma-powered form. The detail on the tremendous villain's intricate sculpt highlights every sinew and fiber of his being, while the fantastic paint work emphasizes his skin's subtle crimson gradations. A dark smoky gray appears on the Red Hulk's shredded pants, close-cropped hair, and finger and toe nails. Gleaming white teeth stand in stark contrast to the monster's gaping maw, while his tiny beady eyes shine with a hellish yellow.

You can display the Red Hulk in two different ways according to your preferences with two included heads; one depicts the monster grinning in evil glee, while the other is a mask of rage crisscrossed by a yellow "X."

Sculpted by master artist Eric Sosa, Red Hulk stands almost 13 inches tall (1/6th scale), veritably leaping off of his exclusive "georama" base. Not only does the volcanic earth look great on its own, it will connect to the base on the upcoming Hulk to form a dynamic battle scene! Don't miss out on the character voted #1 by the fans at StatueForum.com!

WILSON HC
DRAWN & QUARTERLY

Sequential art giant Daniel Clowes has reached into the one of the most awkward corners of humanity to deliver to us the insufferable character of Wilson. Callously judgmental but equally oblivious, Wilson is a 40-something jobless loner whose every attempt to form some sort of human connection only succeeds in ostracizing himself further from society at large. To him, those who work are slaves to the rat race, successful people are overcompensating with elitist displays of wealth and class, and no one's behavior or values have merit when compared to his own self-aggrandizing opinions of his own life. When he attempts to rekindle a long dead relationship and learns he has a daughter he never knew about, his ham-fisted attempt to assert himself as her father figure and awkwardly cobble together a family unit leads him down a path that, given his belligerent nature, can only lead to self-destruction. With a shifting art style that runs the gamut from tightly rendered to garishly cartoony, the story evolves through the medium of single page snapshots of Wilson's life, structured like a gag cartoon where the final panel is the punch line. And like many modern humorists, Clowes makes us laugh again and again, not necessarily because of what his characters say, but because you can't believe they said it. Equal parts comedy and tragedy, *Wilson* will stand the test of time as one of Clowes seminal works and a testament of masterful modern graphic storytelling.

I JUST REALIZED SOMETHIN'. MY X-RAY VISION'S GONE.
YOU SURE?
I'M SURE.
DAT NO VERONICA EVERY NIGHT IS BEGINNING TO LEAVE ITS MARK ON YOU!

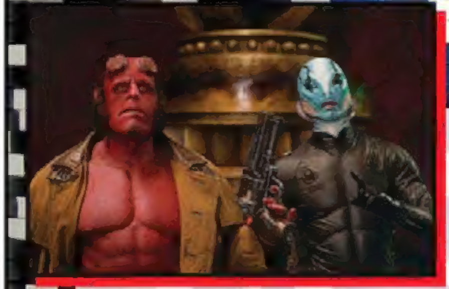
I LOVE YOU, MAN: THE GREAT COMIC BOOK BROMANCES

According to *Wikipedia*:
Bromance is a portmanteau, a combination of the words "bro" and "romance". Editor Dave Carnie coined the term in the skateboard magazine *Big Brother* in the '90s to refer specifically to the sort of relationships that develop between skaters who spent a great deal of time together.

Of course, the concept of the "bromance" has been around for many, many years, there just wasn't a term for it. From movies like *Lethal Weapon*, *Rush Hour*, and *48 Hours*, to TV shows such *Busom Buddies*, *M.A.S.H.*, *Cheers*, have all glorified and celebrated the time-honored tradition of best buds.

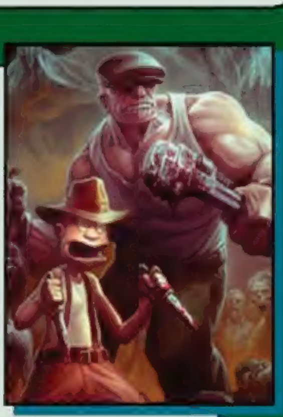
And the same goes for our own world of Comic Books. There's plenty of bromance to go around in the world of comics, from comedy to sci-fi to super-heroes. So, in honor of the season (it is February, the month of Valentine's Day), we submit for you approval, a sextet of best buds, ripped from the pages of the comics!

FLIP*side*



HELLBOY & ABE SAPIEN

One's the would-be harbinger of doom, the other a missing link found in a jar hidden inside a Washington DC hospital. As agents of the Bureau for Paranormal Research and Defense, *Hellboy* and *Abe Sapien* found friendship and camaraderie that could only be spawned by the shared experience of their truly weird missions undertaken for the BRPD. Their bond was never clearer than in *Hellboy 2: The Golden Army*, when a troubled Hellboy (his girlfriend Liz had recently left) and a lovesick Abe (smitten with the Elven Princess Nuala) drowned their sorrows with equal parts Mexican beer and Barry Manilow songs.

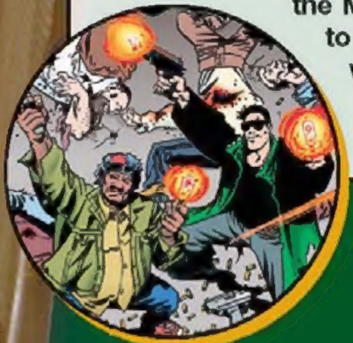


THE GOON & FRANKY

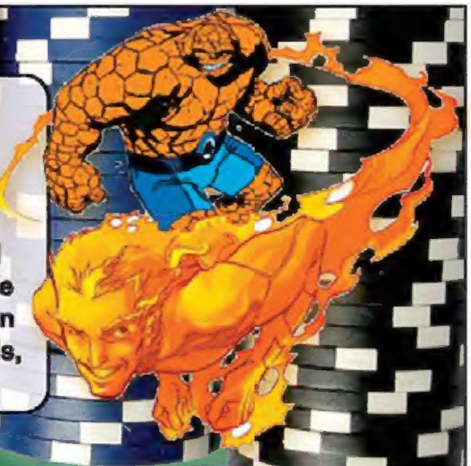
It's been said that adversity breeds excellence. If that is so, then the early lives of The Goon and his best bud Franky proved to be very important in cementing this most excellent friendship. Partners in crime, they met following The Goon's takeover of the Labrazio crime organization, when The Goon brought in the young Franky to act as his right hand man. Together they ruled the back-alleys and streets of the city before turning their attentions to more pressing matters... such as killing zombies, ghosts, and other assorted monsters that haunt their weird hamlet.

TOMMY "HITMAN" MONAGHAN & NATT "THE HATT" WALLS

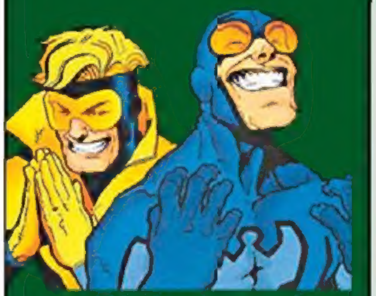
Tommy Monaghan hails from "The Cauldron," the Irish section of Gotham City. During the DCU "Bloodlines" event, he was infected with alien DNA, giving him telepathy and X-ray vision... abilities he uses to aid him in his work as a hitman who deals in super-powered targets. He met his best friend, Natt "The Hatt" Walls while they were both in the Marines. Together they battled all manner of threats, from the Mafia, to rogue SAS troopers, to a man who can extract any size object from... well, where the sun don't shine. In the buddy tradition of *Butch Cassidy & The Sundance Kid*, Tommy and Natt apparently died Pekinpah-style, in a hail of bullets. Friends to the bitter end...



BEN GRIMM & JOHNNY STORM



Their years together as members of the Fantastic Four, living together under the same roof in the Baxter Building, have lead to Ben Grimm (a.k.a. The Thing) and Johnny Storm (a.k.a. The Human Torch) becoming more than just friends, but like family. And nothing says "I love you, bro" more than tormenting them with practical jokes. The pranks have been at times subtle, other times over-the-top. But when you get right down to it, Ben and Johnny are first and foremost friends, and in their line of work, you need all the friends you can get.

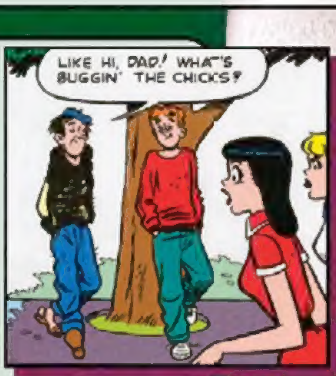


BLUE BEETLE & BOOSTER GOLD

They were the "Blue and Gold" team. The JLA/JLI's original bromance. Booster Gold, a time-traveling hero hungry for the spotlight, and Blue Beetle, Ted Kord, a talented inventor. Together these two brought a new sense of fun and adventure to the Justice League, which was a definite change from the typical Justice League adventures. During their time together, they served as superhero repo men and even helped build a casino, "Club JLI", on the living island Kooey Kooey Kooey. Recent events have separated these "Super Buddies" (a bullet to the head will do that), but there just may be hope for Ted Kord's return to the realm of the living. And that's nothing to "Bwa-ha-ha" about.

ARCHIE ANDREWS & JUGHEAD JONES

Jughead Jones has been Archie's best friend ever since childhood. When he first arrived in Riverdale, Jughead was in a bad mood and dismissive of Archie Andrews. But, the unflappable Archie never gave up on him, and after some time, won over Jughead, becoming longtime friends ever since. And that's a very, *very* long time! Over the years, Archie and Jughead have had many great adventures, and wound up in some tricky situations. Heck, they even encountered the Punisher once! Through it all, their friendship has lasted the test of time. And that's saying something for two guys who've been in High School for nearly 70 years!



LIKE HI, DAD! WHAT'S BUGGIN' THE CHICKS?

There's no doubt many more examples of best buddies and comic book bromance out there waiting to be discovered.... and maybe even shared, *Jay & Silent Bob*-style, with your own "hetero life partner".

Later dude...
